W E L C O M E

Hello and welcome! Congratulations on planning your wedding day, this is such an exciting time for you! I'm sure your mind is racing with all that needs to be planned. It's all very exciting but can also be somewhat overwhelming. My goal as a wedding photographer is to make this one aspect of the planning process simple. Photography is more than just images, it's a real part of your day. Not only do you deserve beautiful images, you deserve an amazing photographic experience. Once you've read this guide feel free to book in an evening meeting with me so you can ask any other questions you may have. You can contact me directly from my website www.abigailwhite.co.uk

GET TO KNOW ABIGAIL

You may have already gotten a hint of this already... but I LOVE what I do! Documenting your wedding day is such an honour!! Since we'll be spending a lot of time together on the big day, I want to make sure you really feel like you know me a little! So, here are some basics....

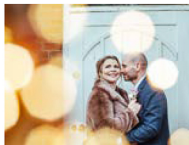

MY FAVOURITES

You may not realise this but every photographer has parts of the wedding day that they favour! Below you can read through three of my favourite parts of the day and why these moments are close to my heart!

BRIDAL DETAILS

I love starting off the day with beautiful details! I consider this my "warm up" time. These details allow me to be creative from the moment I begin shooting on your wedding day! I love having this time to prepare for the rest of your day!

BRIDE & GROOM PORTRAITS

Portrait time with the bride and groom is hands down my favourite part of the day! This is when I produce my best work and when my couples really get to enjoy their wedding day.

CONFETTI

The first few moments after the ceremony are so special, seeing you both go through a range of emotions as you hug it out with family members, but truly it's the confetti shot that gets me! You can't hide your reactions, you scream, you laugh, you cry you kiss.... it's fantastic!

MEET MY FAMILY

When I am not behind the camera, I am a full time Mum to my two gorgeous children Cooper & Ivy, and wife to my childhood sweetheart, and best friend Jake.

MY STYLE & APPROACH TO YOUR DAY

I am a photographer that goes above and beyond. Come wedding day I will hold your dress for you, I will provide help and advice wherever needed, I will do those pesky button holes for you, I'll organise your confetti throwing, I will inform guests what's happening next. All of this whilst capturing every moment possible.

I only offer the one package. An all day service with a smile. I will arrive during your getting ready moments, and leave about half an hour after your first dance. It's that simple. I believe in being able to capture it all for you, nothing gives me more joy than handing back a complete story of your day. After all, you have spent many months planning a whole day, not just part of it. I will cover start to finish and all the details between for just £1700.

I'm a firm believer in giving back in plenty. If I shoot it, edit it, and like it you get it! On average you are looking at 500-700 images in full resolution. All images are highly edited and presented on a rather lovely USB wrapped in a box of goodies all for you! Full wedding collections are dispatched with in 6-8 weeks of the wedding day. Albums are an optional extra.

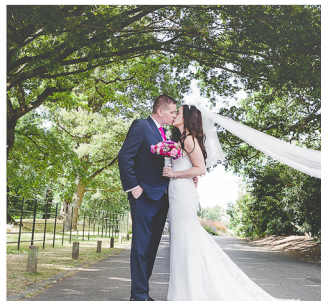

The most common question I get asked by clients is "do you do formal group shots?" My answer is yes, but I do limit them. I truly believe in getting the all important shots for family members but then allowing the rest of the groups to happen more naturally. Group shots usually take place as soon as we arrive to the venue. I will always start with one large group of everyone. And then work my way through the immediate family shots. Generally this is set to 10 maximum. My main reason for this is simple, there is never enough time to fulfill everyone's requests. I'm also a lover of my bride and groom being able to actually mingle, chat, and most of all party.

Couple shots are the only other part of your day that I will take the lead in. Wherever possible I will pinch you for 5-10 minutes at a time, we wake a wander to some private spots allowing you guys to truly relax in front of the camera.

So if you feel I am the right one for you, then please do get in touch. I have a wealth of knowledge and love answering your questions. Weddings are my world, my passion, my obsession.

I'm also available for evening meetings at my home office, should you wish to come say hi and chat some more.

WHY BOOK AN ENGAGEMENT SHOOT?

You're more than likely wondering why it is you should book an engagement shoot. I truly believe a shoot like this is a VITAL part of the entire wedding experience. During your shoot you'll have the chance to get to know me, experience how I shoot and how I handle posing and lighting. This session will make a HUGE impact on how the wedding day flows. I'll arrive on your wedding day already knowing how you two interact, what your best poses are and how to photograph you in a genuine way! What I will learn about you during your engagement session is invaluable! You will feel like such a pro on your big day because of the great practice run, and that's how it should be! Your session can be scheduled anytime before your wedding day. I normally suggest booking in at least 3-4 weeks before to avoid stress. We can hold the shoot at your chosen venue, or a favourite local spot. Because my weekends are filled with weddings, engagement shoots are held on weekdays only between 10-1 or the evenings normally from 5-7pm depending on the light and time of year.

ENGAGEMENT SHOOT FEE: £250

UK & DESTINATION Weddings

I am based in leafy little Surrey, but don't let that stop you from enquiring with me. I am open to most locations and will travel. If your wedding is further afield than a car drive and stay over, then as long as flights and accomindation are sorted I am happy to chat further.

BEAUTIFUL ALBUMS

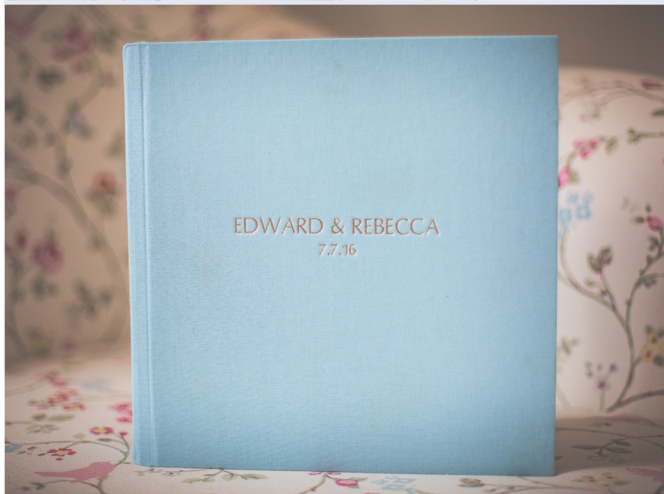

Having digital images is wonderful but having a printed keepsake that tells a visual story of your wedding day is priceless! I am not a photography business that pushes product sales at all. However, these albums are just gorgeous and totally worth a look if not for yourselves then for the grandchildren to enjoy in years to come.

THANK YOU!

Last, but certainly not least, THANK YOU for taking the time to enquire with me. I always feel so honored to be the one capturing your memories and we cannot WAIT to hear from you! Please feel free to contact me with ANY questions you may have. Depending on your date, and my availability our next step would be to meet up and get to know each other a little. I would love to learn your story.

Love Abigail
